## Titles Worksheet

Circle the titles in the paragraph and rewrite them correctly on the lines below.

Have you ever seen the movie deer on the loose? It was a lot of fun. I saw an advertisement in the newspaper information daily. The article was called deadly deer are dangerous. They said that the movie was based on a book called deer run wild. I really liked the movie. I even thought it was better than the book. One thing I didn't like about the book was in the last chapter, called son of the deer warrior, all the deer died, but in the movie they all lived. I hope you can find time to see this movie. If you can't watch it, read about it in the information daily.
